The focus of the conference this year is on ensuring that local green businesses get a stake in the transition to a green economy. The session (6<sup>th</sup> Feb) aims to consolidate policy asks for ease of financing LGEs. The round table participants will delve deeper into identified challenges, and explore the potential of new financing models, instruments, regulations and fiscal measures to support LGEs financing. The summary and key recommendations of the session will be shared with the Ministry of MSMEs and UN-PAGE India team to be incorporated in the national policy frameworks and the action plan of PAGE India, which has a special focus on scaling up MSMEs.
